Brett Berish

My name is Brett Berish and I would like consideration serving on the Board of Directors at Frick Financial Federal Credit Union. I have been a member of the credit union, in good standing, since 2019. A lifelong resident of Belle Vernon, I have served my community as a member of the North Belle Vernon Council since 2006 and currently coach at Belle Vernon Area. I am employed by Center for Community Resources in Washington, Pa, as the Student Assistance Program (SAP) supervisor.

Scott York

I feel that my broad experience in the real estate industry and classroom environment can greatly benefit the credit union board position. As a real estate professional for the last 38 years, I have developed a uniquely specialized skillset. Managing a sales office and developing more efficient negotiating tactics has been a significant portion of my profession. As a PA Certified General Appraiser, valuing and analyzing the highest and best use is a part of my appraisal practice. Over the last 30 years, I have been a scattered-site property manager for properties in Washington, Greene and Allegheny County. I have learned to adapt to new technology and employ applicable programs for the best use and formally share those insights in a classroom setting.

Pamela Marisa

I have over 21 years of experience running several successful businesses in Greene County and Morgantown WV. I currently own Direct Results, GreeneScene Magazine, DR Digital, The Perfect Arrangement & Lily Bees, The Denny House Historical Venue, and the Huffman House a future historical venue that I am currently restoring. I sit on the Together with Veterans board, the CYS Advisory board and the GC Fair Board. I also am a Member of the Women's President Organization in Pittsburgh. I would bring over 35 years of marketing experience, entrepreneurial spirit, financial understanding, and leadership to the board. I am committed to the local communities and strive to make them better.

Kenneth George

My name is Kenneth George and I would like to help grow your net worth if elected as a board member with Frick Financial. Currently, I work as an entrepreneur with my wife Carmina. We invest in Real Estate and sell Automotive lubricants B2B and direct to customers. My experience in banking as an industry is limited. I became a Mortgage Loan Originator to understand my industry better. Once certified, I noticed that every single law was designed to protect banks, not the people using them, so I quickly exited. In business, the customer is the boss, so I plan to assist you, our members, on items important to you. I choose to bank with Frick Financial because they care about me and my finances. Can I count on your nomination so we work together to be better financial partners to achieve your goals?
